INTRODUCTION

Consultations are used to formulate a program specific to your needs, as everyone's case is different. We will teach you how to achieve natural healing through the eight laws of health, cleansing, herbal therapy, hydrotherapy, meal plans and a daily schedule.

In order to ensure that we can best meet your needs, GEMS Natural Health Center™ offers a complimentary **20-minute** initial phone consultation to each participant. Upon scheduling your initial phone consultation, you will receive an email containing further instructions.

At the initial phone consultation, you will be able to tell a gospel-medical missionary your health concern(s) and your personal lifestyle goals. A gospel-medical missionary will then share our ministry of healing and vision of how we can help you begin to reverse top killer ailments and regain or further optimize your health naturally.

We do not have a set cost for phone consultations, but a generous donation is welcomed.

At your 1 on 1 consultation, one of our gospel-medical missionaries will gather the information he or she needs to best help you successfully meet your health goals. You will be able to relate your health concern(s) in detail. A gospel-medical missionary will also discuss your health needs with a full lifestyle assessment in an effort to gain a full understanding of your current health concern(s).

A gospel-medical missionary will then discuss their assessment of the information you have provided and you will discuss your willingness and ability to make appropriate lifestyle changes and incorporate our health restoring program.

Following your 1 on 1 consultation, a gospel-medical missionary will send you via secure email (*provided you agreed to receive emails regarding your health*) a detailed health restoring plan incorporating lifestyle changes, cleanse & nutritional guide, and/or other natural remedies in order to help you achieve optimal wellness.
